

Transparent Vinyl Strip Curtains

Tillman's ArcShield tinted transparent vinyl strip curtains are designed for enclose welding booths, workstations or machinery and to protect individuals from ultraviolet radiation, sparks, and spatter. While these tinted curtains protect from harmful UV light, they also allow light in and allow ease of movement for personnel and equipment.

Tillman's ArcShield clear transparent vinyl strip curtains are designed to reduce heat loss or cooled air through doorways, protect workers, and reduce noise in warehouse and factory applications. These are ideal for loading docks, warehouses, walk-in freezers, and provide excellent clarity.

Features:

- Flame retardant & meets California Fire Marshal requirements.
- Allows easy access of walk-through traffic or movement of equipment.
- Tinted strips block most UV radiation and protects workers in adjacent areas from welding sparks, spatter and flash.
- Transparent and allows natural light.
- Helps to keep cool in and heat out, to reduce energy cost.
- Tinted strips are a great barrier for dust and sparks and spatter from welding.
- Helps to reduce the noise level in a busy shop.
